THE SWR FOUNDATION: EDUCATING OUR FUTURE

Ensuring the future of our industry is dependent upon having an educated and motivated work force. With that goal in mind, the Sealant, Waterproofing & Restoration Foundation (SWR Foundation) was established in 1999 for the purpose of providing education scholarships and training opportunities to benefit the membership of SWR Institute. Since then, we have proudly awarded several thousand dollars of financial help to assist and encourage qualified students and individuals. The SWR Foundation is available to anyone who is enrolled full-time in an accredited trade school or college/university and desires to pursue their interest in the construction industry. Scholarships are also available to SWR Institute members and their staff for the purpose of continuing education courses.

THE SWR FOUNDATION INITIATIVES

- Provide scholarships to SWR Institute members (children, staff) and other individuals seeking education or training at colleges, universities, or vocational schools with a career path in our industry
- Create more talented employees by developing skill sets through continuing education coursework
- Develop training curriculum that meets the needs of SWR Institute members and their employees
- Create a strong relationship with academic and vocational institutions that have curriculum specific to our industry
- Become a resource for SWR Institute's educational and training programs
- Become a well-known and respected resource to our industry

MAKE A DIFFERENCE BY DONATING

By donating to the SWR Foundation, you will become an integral part of sustaining the future of our industry. The SWR Foundation accepts donations of all levels. If you wish, your gift can be restricted to specific institutions or programs.

The SWR Foundation is a 501 (c) 3 charitable not-for-profit organization and all donations and contributions are tax deductible. The Foundation functions as an independent corporation, but in coordination with the Sealant, Waterproofing & Restoration Institute.

GENERAL INFORMATION ON CONTRIBUTIONS:

- After three consecutive years of "sustaining" at a given level, the fourth year contribution qualifies the firm to move up to the next level and receive those benefits. However, if the firm does not continue to "sustain" at their entry level of giving, then the process starts all over again.
- The above sponsorships are open to both member companies and the general public as well. In this proposal, the words "company, corporate or firm" refers to member companies and the general public (i.e. individuals & outside companies).
- The Ultimate Platinum Level status will be achieved once a cumulative giving amount of \$10,000.00 is reached.
- Each supporter will receive a special ribbon at each conference denoting "Foundation Supporter" and in a color to match their level of giving (i.e. bronze, silver, gold & platinum).

SWR Foundation accepts contributions of all levels. Your gift will help the Foundation achieve its Ultimate Challenge: Educating Our Industry. By creating a legacy for yourself and your company you will help with the educational forward movement of the industry.

Contributions can be paid in one installment or over a specified time during the year. Tax-deductible contributions may be made via check or credit card either by mail or at SWR Foundation Headquarters. Simply fill out the pledge card found in this brochure with your level of support. If you choose for the contribution to be applied to a specific person or purpose include that on the pledge card as well. Since the SWR Foundation is a 501 (c)(3) charitable organization, your donation is tax deductible. For contributions by mail please send to:
